

Oak Ridge Meadows Trash Collection & Recycling

Republic Services will continue to provide back door service and recycling service for all residents through Friday, January 29, 2021.

Starting February 1, 2021, the Board of Directors has approved the following options for trash removal:

(1) A trash compactor and two recycling dumpsters will be installed in the clubhouse parking lot for use by owners & residents. Any owner or resident can use the trash compactor even if they sign up for the City service

(2) Allow owners to enroll with the City of Greensboro Solid Waste Dept to have their trash and recycling to be picked up by the City in the front of their homes.

For those owners who choose to use the compactor and recycling dumpsters at the clubhouse parking lot, there is nothing you need to do at this time. **Currently, the schedule is for the trash compactor and dumpsters to be ready for use on January 30th.** Information will be sent out in January as to how the compactor works and the procedure for residents to dispose of their trash. Recycling will be placed in the two recycling dumpsters.

For those owners & residents interested in enrolling with the City, you should not contact the City directly. They have requested that all information for the initial setup to be channeled through the Association. If you are interested in receiving City service, you should complete the attached form and return to the Association on or before December 28, 2020. The Association will provide the City a list of those owners & residents that have enrolled for services on January 4, 2021.

Here are some bullet points about the City service:

- Each owner can request a trash container and a recycling container. You do not have to request both. If you do not recycle or prefer to use the recycling dumpsters at the clubhouse then you would not request a recycling container.
- Each owner will be charged by the City of Greensboro a monthly administrative fee of \$2.50 which will be added to your water bill.
- Each owner will be responsible for rolling their trash & recycling containers from the back of their home to the parking lot each week and after collection returning the containers to the back of their home. ***You will be required to have the containers returned to the back of your home by 7:00 pm. Residents are responsible for the placement of their containers. They may not impact another resident's property, parking space or access to the roads.***

- **All trash & recycling must be placed in the approved City containers to be picked up. If you qualify for their assistance program, your trash must be bagged and set out on the front porch or walk. Loose trash or recyclables will not be picked up.**
- ***Trash Collection by the City will be every Tuesday beginning on February 2, 2021.***
- ***Recycling Collection will be every other Tuesday and also start on February 2, 2021.***
- The City plans to deliver the containers for trash and recycling to the front of each home during the week of January 25th – 29th. Your address will be written on the top of the container by the City and a brochure, calendar, and other information will be attached to the container(s).
- The City will deliver a 96-gallon container to each home for trash and a 96-gallon container for recycling. This is the size that the City has the largest inventory. You can request a smaller size (64 gallon) and those will be provided based on availability. Owners may have to start out with a 96 gallon initially and wait until the smaller size is available.
- For those owners who are physically unable or handicapped and will have difficulty in rolling the containers out to the parking lot, the City has a program to assist those owners. You would check the form below that you are interested in the program and a representative from the City will be in contact with you to explain the process and obtain additional information. To qualify for the assistance program, you will have to provide a doctor's note. It is our understanding that for those owners who qualify, the City will pick up the bagged trash or recycling off your front porch or sidewalk.
- **IF YOU WOULD LIKE CITY SERVICE: PLEASE COMPLETE THE FOLLOWING FORM AND RETURN TO LAMBETH MANAGEMENT OR COMPLETE ONLINE ON THE OAK RIDGE MEADOWS PAGE OF www.LAMBETHMANAGEMENT.COM.**

Form return options:

Email: Michele.Lmgmt@gmail.com

Mail: PO Box 8071, Greensboro NC 27419 (return envelope enclosed)

Fax: (336) 464-2576
