As a townhome owner, I understand that I will be responsible for charges if an additional coat of paint is needed to cover the existing color of my townhome; and understand that a third coat of paint is normally needed when going to a lighter color. Additional charges must be prepaid to the painter. I also understand that, if painting my townhome outside of the Association's normal painting rotation schedule, I will be solely and entirely responsible for the expense of the exterior painting (to include siding, trim, shutters and door).

Single family homeowners are fully responsible for the painting of their home. We do, however, request that you comply with the ACC Submission Procedure Policy and submit an Exterior Color Change Request Form for color approval before any work begins.
