

# OAK RIDGE MEADOWS APPROVED PAINTING COLORS & COLOR CHANGE SPECIFICATIONS

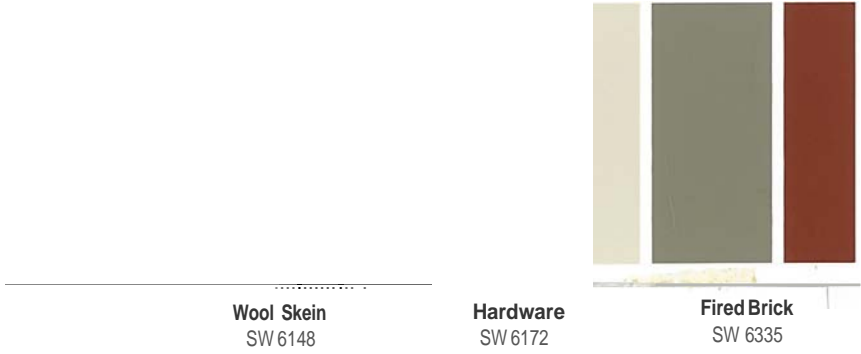

The Architectural Committee in 2012 developed a booklet of approved paint colors with the assistance of a Sherwin Williams designer. When changing your front door color only, your neighbor does not need to match. However, all trim and siding colors need to match in the adjoining twosomes. **Homeowners will be responsible for all costs involved in changing colors.**

**The color choice will require signatures from both parties as well as prepayment.** The Architectural Committee will have final say in appropriate color choices.

The approved colors are shown below. You will note there are three colors within each strip. The large rectangle is for the siding and the smaller rectangles are options for the trim and doors. The trim consists of windows, eaves, soffits and gables. Please stay within the 3-color strip when choosing colors. We strongly suggest that you take the color of your roof and the brick into consideration when selecting colors. For instance, match up siding or trim colors with the hint of rust, gray, beige, etc. that you find in your brick. Shingles may have underlying blue, gray, silver, black, rust, etc. in them.

For additional assistance we suggest you go to Sherwin Williams on College Road they have records of the current paint colors used here in Oak Ridge Meadows.

The cost to change a color is as follows: **PER UNIT:**  
Trim (includes gutters and downspouts) \$215.00  
Siding - \$150.00  
Shutters - \$40.00  
Door - \$25.00 per side
