

Tanner Woods Homeowners Association
Fire Safety Policy

Grills, similar devices used for cooking, heating, or any other purpose, fire pits, outdoor fireplaces or other open flame appliances are not to be used or ignited on any balcony, under any overhanging portion, or within 10 ft of any structure. All devices listed should not be left unattended. This policy is enacted by the Board of Directors to correspond with fire prevention regulations related to multi-family structures and in accordance with guidelines from the master insurance policy carrier.

Adopted by the Board of Directors this day:
